WHIRLPOOL BATHS

Whirlpool Baths – Bringing you a piece of heaven for your bathroom.

What is a Whirlpool Bath?

Whirlpool Baths, available from R.T. Large, are a great feature to install in your bathroom. A whirlpool bath is a bath that has been fitted with whirlpool jets, which are placed on the side of the bath body, these are then operated by controls that are placed onto the ledge of the bath.

All the whirlpool baths from R.T. Large are attributed with great style, unbelievable functionality and contemporary design. More so, the high standard of quality parts and equipment allow you to enjoy a luxurious experience.

How do Whirlpool Baths work?

Whirlpool baths are operated by air and water. The suction of the whirlpool takes the water from the bath via a suction plate and into the pump, the pump then forces the water out through the whirlpool jets. The force of the water being pushed out of the jets can be adjusted with an air controller.

R.T. Large Whirlpool options, are available on many of our inset baths in a variety of jet configurations. Look out for the Whirlpool logo in the bath section to see which baths are suitable for the application. All attributes of our whirlpool bath ensure optimum satisfaction.

Please Note;
There is a 3 week lead time on all Whirlpool Baths.

Adding a Whirlpool option

If a bath has a Whirlpool option it will have an icon like the ones below. Each icon shows how many jets are available for that particular bath so just add the code when placing an order.

 <p>WHIRLPOOL 6 JETS / PUMP & SYSTEM</p> <p>Code WP6JET Price £677.50</p>	 <p>WHIRLPOOL 8 JETS / PUMP & SYSTEM</p> <p>Code WP8JET Price £707.50</p>
 <p>WHIRLPOOL 10 JETS / PUMP & SYSTEM</p> <p>Code WP10J Price £718.00</p>	 <p>WHIRLPOOL 11 JETS / PUMP & SYSTEM</p> <p>Code WP11J Price £974.50</p>
